

ATTENDEE QUALIFICATIONS

At CDO Magazine, our communities of C-Level Data executives, from enterprise-leading organizations, qualify admittance to their gatherings by organizational makeup, leadership, and budget oversight.

This criteria-based approach ensures each gathering is a distilled group of data-focused C-level executives with similar objectives and challenges, aligned on topics of strategy and leadership to promote deeper engagement, connectivity, and collaboration in data monetization and business enablement.

Enterprise Organizations:

\$1B+ Organizations
